PIANO FORTES. Read the following commendatory let-

ters from distinguished Artists. Wm. Knabe & Co .- Genflemen : After having played on the Piano of Mesars.

KNARK & Co. it is impossible not to hear testimony to their qualities which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities of Tone. The Bass is powerful, without harshness, and the upper notes sweet, try by the most celebrated makers.

Julius Bauer & Co. Chirago - Gentleine the most perfect in use, combining in the highest degree the mest valuable and exacutal requisites of power, cashess of tose, and general accuracy. The finas possesses great compass and volume, and the higher notes a clearness and richness of tone sciolom attained in other instruments. The touch or action appears particularly agreeable, and in its proportionate adaptation reflects great credit upon its manufacturers. The introduction of your Planos in the West has created a new era in Musical circles, and will doubtless crown your efforts with the eminent success you so richly merit. Very truly, yours, Chiengo, Jame 2, 1564. LOUISSTAAB.

I recommend the Pianos of Mr. Axana everybody who wants a really first class instructed at BALATRA. Wm. Knabe & Co. Gentlemen: I have great pleasure in certifying that I have ried your Square Pianos, and find them equal, if not a cerior, to any in this country. Among their green alities, which distinguish them, is the exempess of tone, the agreeable and easy touch, and volume of tone. Wishing you althe success you so highly deserved a main

the success you so highly deserve, I am sir yours very truly, S. THALBERG. Wm. Knabe & Co.—Gendlemen:

I cannot but congratulate you upon the immense progress and improvements which you condinally make on your Pianos, which, in my opinion, rank among the very lighest in this country.

M. STRAKOSCH.

J. Bauer & Co. Gentlemen: Our Opera Troups are at present using four of your justly celebrated Kanaa Franch, and as the exponent of the views and ephalous of the various Artists, permit me to say, I consider them unsurpassed in brilliancy and excellents and pre-eminent, without a vicul in this country or in Europe. Their aspering quality of tone, combining great death and a verific and try or in Europe. Their asperier quality of tone, combining great depth and powerful volume, with which and a pocularly clear and even treble, together with a magic clasticity of touch and action, render them superior to other instruments, which rarely if ever combine these most casen ial requisites. I most cherfully endorse the high and meritoriom consumments which rarely in the property where pronounced upon these Paines.
